STEPS TO WRITE A STRATEGY AND APPROACH DOCUMENT

HOW TO?

- Identify sections
  - Why, how & what of the mission
  - Identify the focus areas
  - Identify the requirements

- Describe each section
  - Detailed explanation about the design principles, approach, programmes, and operations

- Build stakeholder consensus
  - Involve all relevant actors from the beginning,
    - Form a core group,
    - Have formal and informal communication channels,
    - Ensure public consultation with no barriers to access

- Recognise typical pitfalls
  - Being cognisant of the possible oversights which can affect the relevance of the document for the readers
